

VanEck MSCI International Value (AUD Hedged) ETF

HVLU gives investors a diversified portfolio of 250 international developed market large- and mid-cap companies, with high value scores as calculated by MSCI at each rebalance with returns hedged into Australian dollars. HVLU aims to provide investment returns, before fees and other costs, that track the performance of the Index.

HVLU

Benefits

International companies exhibiting value characteristics

Access a portfolio of international companies that are selected for their high value score relative to sector peers as measured by MSCI based on: (i) price to book value; (ii) price to forward earnings; and (iii) enterprise value to cash flow from operations.

Long term focus, capturing value across the market cycle

The index is designed to capture a high level of exposure to value while minimising unintended and unwanted sector bets.

Diversified across countries, sectors and companies

Offering investors a portfolio of 250 companies across a range of geographies, sectors and economies.

The table above shows past performance of the ETF from 7 November 2023. Index performance shown prior to 10 October 2023 ("Launch Date") is simulated based on the current Index methodology. Results are calculated to the last business day of the month and assume immediate reinvestment of distributions. ETF results are net of management fees and costs, but before brokerage fees or bid/ask spreads incurred when investors buy/sell on the ASX. Returns for periods longer than one year are annualised. Past performance is not a reliable indicator of current or future performance which may be lower or higher.
